## LOCAL MATTERS

San rises tomorrow at 4:56 a. m. and sets 7:09 a. m. High water at 00:00 a. m. and 12:03 p. m.

WEATHER PROBABILITIES.—For this section fair tonight; Tuesday fair and warmer; light southerly winds.

**MAYFLIES.**—The advance squad of mayflies made its appearance Saturday night, and swarms hovered around electric lights and store windows. The appearance of these insects generally denotes the last scenes in fishing season. Their numbers will be augmented wonderfully during the next few days, and will become so thick at times that they will have to be swept from the pavements. It is of course true that they are compelled to close places of business at night in order to keep out mayflies. These insects, many of which are ephemeral, have for a long time been a puzzle to scientists. They are unknown in many places, and from whence they come is a standing query. Most people suppose they evolve from the fish ovals, but this has never been satisfactorily proven. Waterman says they emanate from the river, and this seems to be the most plausible theory, as they are similar in structure to the hatched on the river's surface. People who follow the water mayflies can often be seen in the night rising from the water in clouds.

**THE CHURCHES.**—All the churches were well attended yesterday. Rev. Dr. Arthur Crane, of Charleston, S. C., delivered an able sermon to a male congregation at the Baptist Church at 2:30 o'clock in the afternoon. A large congregation attended vespers services at St. Mary's Church at 8 o'clock at night. An eloquent sermon on "The Blessed Virgin as the True Type of Womanhood," was delivered by Rev. Father Smyth, of Washington. Communion next Sunday a mission will begin at St. Mary's Church. It will be conducted by Rev. Father Sullivan and Burke, Pauline priests. Old Dominion Commandery Knight Templars, a tired in their uniforms, attended religious exercises at the Baptist Church in the afternoon. Rev. Dr. Geo. L. Hunt, pastor of that church, delivered an able address and an excellent musical programme was rendered. A large congregation was present.

**RIVER NOTES.**—The Weems line steamer Sue, which had been running as a freight boat between this city, the lower river landings and Baltimore, is now making two trips and carrying passengers. Under her new schedule she arrives here each Saturday morning early and leaves at 2:30 p. m. the same day for landings as far as Miller's wharf. She returns Monday and sails Tuesday afternoon at 4 o'clock for Baltimore and usual landings in the lower Potomac.

The four-masted schooner Frank J. Stetson, from Charlotte Harbor, Fla., with public rock for the Alexandria Fertilizer and Chemical Company, arrived yesterday evening.

The schooner Murray Vandiver, from Severn river with sand for the Old Dominion Glass Works, has arrived at W. A. Smoot & Co's wharf.

**THE NEW GLASS WORKS.**—Mr. Joseph H. Ramsey, formerly of the Virginia Glass Company, but now superintendent of the Bell-Pre Bottle Company, left this city today for Potomac and Spring City, Pa., to arrange for the construction and purchase of machinery to be used in the new glass plant of which references was made in the Gazette several days ago. He will also visit Millville, N. J., and Akron, Ohio. At Millville Mr. Ramsey will procure furnace builders, etc., and at Akron the compressed air machines to be used in blowing will be ordered. Mr. Ramsey will be absent about ten days or two weeks. He states that the erection of the plant will begin immediately upon his return from this trip.

**ARRESTED ON SUSPICION.**—James Downey, Steven and William Frawley, and James Hedderman are held in Washington, on suspicion, as the result of the drowning of Eugene Flynn, thirty-two years old, early yesterday morning. Flynn fell overboard from a barge while about 200 yards from the Long Bridge, and his body has not yet been recovered.

Places just before daylight, as the five men were en route to Jackson City, from which place they had planned to go up the river on a fishing trip. All the companions of Flynn claim that his death was purely accidental.

**PAWNEE BILL'S WILD WEST.**—Pawnee Bill and his mounted heroes of the world will visit Alexandria on the 19th instant. Every detail of western frontier life, realistically reproduced in the monster arena of this great exhibition, will be seen here. Many hundreds of men and horses are employed and one of the many features is a great grand national and it is a national military contest. Pawnee Bill's show is one of the most colossal ever on the road, and wherever it has exhibited it has been greatly enjoyed by old and young.

**THE WEATHER** during the past few days has been uncomfortably cool, the result of the frigid wave which recently settled over portions of the country north of this section. The high north-west winds of Friday lowered the temperature considerably and on Saturday and yesterday those who had thoughtlessly laid aside winter clothing were glad to do them again. The wind blew cold from the east all day yesterday and some people appeared in their overcoats, and fires were again kindled. The weather today has been cool and threatening.

**LOST BOY.**—A small boy, son of one of the employees of the Portner Brewery, strayed from his home in the northwestern part of the city yesterday evening and when in the neighborhood of the station house realized he was lost. The child could not speak English and his mother, who was in a terrible state of mind when fortunately Mr. Peter Westlake, foreman of the brewery, came along. The child told history in his mother tongue and Mr. Westlake took him home.

**BOY DISCOVERED.**—Harbormaster Sutton, of Washington, was notified last night that a body had been seen floating about in Hunting Creek yesterday afternoon. It is thought the remains may be those of George Coleman, a young sewing machine agent, who was drowned at the government dam, above the Great Falls, on Thursday night.

**POLICE COURT NOTES.**—The docket in the Police Court this morning was unimportant and uninteresting. There were three white men in the dock, charged with being drunk in the streets on Sunday. They were dismissed.

Catharine Gray, colored, had sworn out a warrant for the arrest of Alice Pines, also colored, for assault. The Mayor after hearing the evidence, concluded it was a case of six-of-one and half-a-dozen-of-the-other and fined each \$2.50.

Two colored boys—Wm. Fountain and Samuel Page, charged with disorderly conduct in the market, were fined \$2.50 each.

A warrant was issued for the arrest of Robert Jackson, who is charged with selling fish belonging to Peter Haines and failing to make returns.

Four lodgers were at the station house Saturday night and six last night. An average number of idle negro men stood first on one leg and then the other watching the proceedings of the court this morning, notwithstanding laborers are said to be in demand in and near the city.

**PERSONAL.**—H. E. Anderson, of Richmond, State deputy of the National Union, will tonight pay a fraternal visit to Alexandria Council, No. 665.

Rev. Berryman Green, rector of Christ Church, is being urged to accept a position as professor at the Episcopal Theological Seminary, near this city, but a strong effort will be made to induce him to retain his present charge.

**EPWORTH LEAGUE.**—Friendship Chapter Epworth League, Trinity M. E. Church, on Tuesday night will celebrate the 13th anniversary of its organization. Rev. Edward L. Hubbard of McKendree Church, Washington, will make the address of the evening. There will also be solos, duets and special singing by the choir. The public are cordially invited to be present.

Mr. Samuel H. Lunt, auctioneer, on Saturday evening last sold a house and lot at Fostoria, Alexandria county, to Mr. S. E. Marshall.

**PRESENTATION.**—Mr. Tinsley M. Davis, formerly chief train dispatcher of the Washington, Alexandria and Mount Vernon Railway, was summoned to the office of that company in Washington Saturday night, where he was met by a committee composed of Messrs. A. A. Davis, B. Park Torbert, and Charles Mamford, who, on behalf of the employees, presented him with a handsome gold chain and charm as a token of the esteem in which he is held by his former railway associates. The presentation speech was made by Capt. Davis. Mr. Davis resigned to accept the position of chief train dispatcher on the Chesapeake Beach Railway.

**THE WIND-UP OF THE FISHING SEASON.**—There was a decided lull in the fishing to-day, there having been no change in the water which has been so cold for the past few days. Between six and seven thousand herring arrive daily, but this number keeps but few centers at work. Prices still hold at last week's figures.

## LOCAL BREVITIES.

Tomorrow will be registration day. In the Corporation Court today sixteen applications for liquor licenses were approved. Capt. Geo. Young has sold to Mr. J. J. Bayne the lot on the northwest corner of Columbus and Queen streets for \$950.

A special meeting of the Board of Health will be held tonight at 8 o'clock. Considerable business will come up for consideration.

A marriage license was issued in Washington on Saturday to Frank Magruder, of Fairfax county, and Elizabeth Jackson, of Alexandria.

The remains of Mrs. Laura N. Faulkner, who died in Washington on last Friday evening, were brought here yesterday afternoon and interred in Bethel Cemetery.

Master Allen T. Smith set a game hen on 15 eggs and to his surprise he found the hen had hatched out 16 chickens. The hen and her chickens are all doing well.

The commencement exercises of the William McKinley Normal and Industrial School took place at that school this afternoon at 2 o'clock. Several colored speakers delivered addresses.

In the Corporation Court today in the case of Annie S. Henderson vs. Virginia Henderson et al. a decree was entered appointing G. L. Boothe guardian ad litem, vice A. W. Armstrong, deceased.

Mr. William Langford, a former resident of this city, died in Philadelphia yesterday morning. The deceased had recently been in the United States navy. His remains will be brought here for interment.

The roof of a frame tenement on the east side of Pittsburg, between Wilson and Gibson streets, caught fire from a chimney Saturday night shortly after 8 o'clock. The blaze was soon smothered with a chemical extinguisher.

Mr. Thomas Nugent reported on Saturday to the Washington police that his coat had been stolen from the rack at the gun carriage shop at the navy yard. In the pocket of the coat was a pocketbook containing \$47.

The second course of Reinecker lectures, for the session of 1901-1902, will be delivered in the chapel of the Episcopal Theological Seminary by Rev. Francis L. Patton, LL. D., of Princeton University, commencing this afternoon. The subject of his course will be "Theism."
